

Limited Warranty for Amarr Residential Steel Doors General Information

Amarr residential garage doors are manufactured by Amarr Company with the highest quality material and standards of workmanship in the industry. The Amarr Limited Product Warranty applies to Amarr complete doors (sections and functional hardware) under normal and intended usage and installed and maintained at the home of original installation in accordance with manufacturer's instructions in residential single-family, residential condominium or similar residential multi-family housing. The Amarr Limited Product Warranty is non-transferable or assignable in whole or part and is only valid to the original purchaser.

The paint finish of Amarr steel sections are guaranteed against section rust through due to paint finish cracking, splitting or peeling for the applicable warranty period provided below. Surface rust, chips or scratches in the paint which result in cosmetic or surface corrosion are not covered. Non-factory applied paint on an Amarr door voids the Paint Finish warranty.

The steel and aluminum sections, parts, functional hardware and springs of an Amarr complete door in standard lift and low headroom applications are guaranteed against defects in materials and workmanship for the applicable warranty period provided below. High-lift and vertical-lift applications and bottom seal shrinkage are not covered.

The window frames, DecraGlass™, DecraTrim inserts and glass are guaranteed against defects in materials and workmanship for the applicable warranty period provided below. Non-factory applied paint on window frames or insert voids the warranty. Insulated glass installed in high-moisture environments (swimming pool enclosure, sauna, Jacuzzi, hot tub, sky light, refrigeration unit or greenhouse) voids the insulated glass warranty.
